Bone Marrow Transplantation Program

CITY OF HOPE - SAMARITAN BONE MARROW TRANSPLANTATION

The City of Hope • Samaritan Bone Marrow Transplantation Program in Phoenix, Arizona, is seeking applications for full time faculty positions for fall 2001, for physicians interested in the clinical care of patients undergoing autologous or allogeneic stem cell transplantation for patients with hematologic neoplasia. The position involves direct patient care as well as translational and clinical research in hematologic neoplasia and stem cell transplantation including autologous, allogeneic, unrelated and non-myeloablative stem cell marrow transplantation. The unit is a satellite transplant unit of the City of Hope Cancer Research Center which is an NCI-designated Comprehensive Cancer Center and is supported by research programs in Hematopoietic Cell Transplantation, Stem Cell Biology, Gene Therapy, Hematopathology, Immunotherapy, Cytogenetics and Virology. Potential interested applicants must be a BC/BE hematologist or oncologist eligible for Arizona licensure.

Interested physicians should send CVs to: **Stephen J. Forman, M.D., Director, Division of Hematology & BMT, City of Hope National Medical Center, 1500 E. Duarte Road, Duarte, CA 91010; phone: 626/359-8111; facsimile: 626/301-8256; e-mail: sforman@coh.org.** and to **Jeffrey Schriber, M.D., Director, City of Hope • Samaritan Transplant Program, 1111 E. McDowell Road, Phoenix, AZ, 85006; phone: 602/239-4526; facsimile: 602/239-4170; email: jeffrey.schriber@bannerhealth.com.**

BONE MARROW TRANSPLANTATION FELLOWSHIP

The Bone Marrow Transplantation Program at the City of Hope National Medical Center offers a 1-2 year fellowship for physicians who desire training in clinical bone marrow transplantation and clinical research. This includes autologous BMT for hematologic malignancies and solid tumors, and allogeneic and unrelated donor BMT for hematologic malignancies. This fellowship, for July of 2002, provides extensive clinical training in all aspects of transplantation, including HLA typing, pheresis, cryopreservation, hematopathology and cytogenetics. The City of Hope Cancer Research Center is one of the largest transplant centers in the world, is an NCI-designated cancer center located in greater Los Angeles, and is a member of the southwest Oncology Group (SWOG). City of Hope is an NCI-designated Comprehensive Cancer Center and is supported by research programs in Hematopoietic Cell Transplantation, Stem Cell Biology, Gene Therapy, Hematopathology, Immunotherapy, Cytogenetics and Virology. All applicants must be board certified in Internal Medicine, BC/BE in Hematology/Oncology.

Candidates should be eligible for California licensure. Salary is commensurate with experience. Qualified applicants should send CV and three letters of recommendation to:

Amrita Krishnan, M.D., Fellowship Program Director, Department of Hematology and Bone Marrow Transplantation, City of Hope National Medical Center, 1500 E. Duarte Road, Duarte, California 91010; phone (626) 359-8111, extension 2405; Fax (626) 301-8973; e-mail: akrishnan@coh.org.

MARROW TRANSPLANTATION - HEMATOLOGY

The Division of Hematology at the University of Utah seeks applicants for a faculty position as a Clinical Investigator with the Blood and Transplant program. The University of Utah Transplant Program is part of an established, FAHCT-approved, comprehensive allogeneic and autologous Blood and Marrow Transplant Program that operates BMT programs/units at the LDS Hospital, University Hospital and the Primary Children's Medical Center. Clinical responsibilities will include attending and consulting duties and responsibility for the Outpatient Clinic Program. Applicants should have completed a Medical Oncology or Hematology fellowship and have a defined area of interest in clinical research. The successful applicant will be appointed to the faculty of the Department of Medicine at the rank of Instructor or Assistant Professor, depending upon qualifications. This position will remain open until a suitable candidate is identified. Interested applicants should forward curriculum vitae and the names of three references to:

James P. Kushner, M.D. or Finn Bo Petersen, M.D.

Division of Hematology

University of Utah School of Medicine

50 North Medical Drive, Room 4C416

Salt Lake City, UT 84132
